

SOLUM TABLE

Datasheet

SOLUM TABLE - LOW

Specifications

Stunning pieces of furniture often resemble pieces of art. The Solum tables are lovely side tables, they would even be great as console tables in a hallway or a dining area. The unique shape will make them stand out in any room in the home and truly appear as pieces of art. The tables are made of a granite foot in a graphic design, fitted with an elegant table top in a brass finish.

CARE GUIDE

AYTM metals

HOW TO CLEAN / POLISH :

Plaited iron / steel / aluminium

To get rid of dirt & dust, mix a mild detergent with warm water. Dip a soft cloth into the water, and wipe the item down with the cloth. If necessary, wipe the item dry with a soft dry cloth.

* Avoid scraping with an abrasive cloth, that could damage or remove the plating from the surface.

Powder coated iron / steel / aluminium

To get rid of dirt & dust, mix a mild detergent with warm water. Dip a lint free cloth into the water, and wipe the item down with the cloth. If necessary, wipe the item dry with a soft dry cloth.

* Avoid scraping or rubbing the powder coating with an abrasive cloth, that could damage or remove the coating from the surface.

Brass & Stainless steel

Make sure the metal is clean for dust and dirt on all surfaces before you begin polishing. Apply an adequate amount of metal polish for brass/stainless steel with a soft and dry cotton cloth to the item. Use a soft and dry cloth to polish the surface before the metal polish has completely dried.

* Make sure to read the instructions on the metal polish for specific guidance.

CARE GUIDE

AYTM natural stone

HOW TO CLEAN :

Marble

To get rid of dirt and dust, use a damp cloth to wipe down the item.
If necessary, wipe the item dry with a soft dry cloth.

* Marble cannot withstand acid or acidic detergents, such as vinegar. Make sure to wipe off any acidic and normal liquids spilled on the surface immediately, to avoid stains.

Granite

To get rid of dirt and dust, mix a mild detergent with warm water.
Dip a soft cloth into the water, and wipe the item down with the cloth.
If necessary, wipe the item dry with a soft dry cloth.

* Granite cannot withstand acid or acidic detergents, such as vinegar. Make sure to wipe off any acidic and normal liquids spilled on the surface immediately, to avoid stains.
