

CROWN TABLE LOW

The collection of tables entitled Crown is in its monumental presence formed as a circular table-top carried by four-cylinder shaped legs.

Standing strong and proud, the table is inspired by the bare, structural elements of Brutalist architecture, celebrating the columns, and eluding an attitude towards too many details.

The chunky aluminium legs enable a large gap between the table edge and legs to emphasize the experience of a massive floating tabletop.

The table is available in two sizes and can be used as a single standing side table or stand together as a pair of coffee tables.
