## HAKO CONSOLE TABLE

Hako, the Japanese word for box or storage, is a collection of storage and furniture objects inspired by Japanese living. Hako features a bar and storage object, console, bench, coffee table and side table.

Each product is handmade of massive ash with French bamboo mesh, creating a semitransparent front or top surface. The wooden surfaces smoothly transition into metal frames and fittings, creating a refined modern expression. The conic shaped legs and slim metal tray is made of plated metal.

Designed by:
