

WING BOWL BIG

It is all about gravity and a sense of floating through the air. Wing is a sculptural collection of bowls that makes one want to be lifted into thin air even though its presence is very much grounding as well.

The silhouette is made up of two wings and a single cylinder-shaped leg as a steady contrast and the bowl is casted in a lightweight fiber concrete. Use Wing as a container or as a stand-alone art piece on the table.

As it is a hand glazed natural product, the colours may vary slightly and it is not waterproof safe.
