DROP CHANDELIER MINI

You almost feel the movement of the Drop Chandelier. As a free-flowing sculpture, it takes in the space and insists on a life of its own.

While The Drop Chandelier collection honors modernist lamp designs of the 1950s, it also celebrates an experimental, innovative approach with its gently curving shades and 14 flexible and functional adjustable arms - creating countless options, variations, and angles.

The beautifully crafted oxidized and plated, metal body is subsequently hand brushed and the lamp brightens up the room elegantly with a warm, pleasant light.
